Asp .Net C#  
Node js, Express js  
Vb.net  
Mssql,MySql  
React js  
React Native  
Java Script  
Html,Css ,Bootstrap  
Software Support

### PROFILE

Experienced Senior Software Developer with a proven track record of delivering high-quality solutions in a variety of technologies. Proficient in ASP.NET Core, ASP.NET, VB.NET, Node.js, React.js, and MSSQL. Skilled in full-stack development, adept at designing and implementing scalable, maintainable, and robust software applications. Experienced in backend

### WORK EXPERIENCE

#### Senior Software Developer

##### Init Solutions-Kerala

2022-2024

- Led multiple full-stack software projects, utilizing ASP.NET Core, Node.js, React.js, and MSSQL.
- Specialized in backend API development for seamless system integration and frontend development for user interface design.
- Ensured code quality through best practices like unit testing and code reviews.
- Collaborated with cross-functional teams for successful project delivery.
- Mentored junior developers and actively participated in Agile ceremonies.

### PROJECTS

#### Sopanam ( Temple Management Software )

<https://billing.sopanam.in/>

SOPANAM is a temple management software designed to streamline administrative processes and enhance communication for temples. It utilizes **ASP.NET Core** with **JWT token** authentication for secure backend development and **React.js** for the frontend, providing a modern and intuitive user interface. The database is managed using **MSSQL**, leveraging **stored procedures** and **LINQ queries** for efficient data retrieval and manipulation. With integrated **WhatsApp**, **email**, and **SMS** modules, SOPANAM enables efficient communication with devotees, facilitating seamless temple administration

##### Key Technologies

- Frontend : React js
- Backend :Asp .net Core with Jwt authentication
- DataBase: Sqlserver

## LANGUAGES

English  
Hindi  
Malayalam

## ACHIEVEMENTS

Best Employee Award from InIT Solutions  
(02/2023)

Second Rank Holder in SDSA at MG University  
from 2019 to 2022

### Ayurx( Doctor Prescription App )

AyurX is a specialized app for Ayurvedic doctors, enabling secure prescription management and patient communication. Built on **ASP.NET Core** with **JWT token** authentication, AyurX optimizes data handling with LINQ queries and stored procedures. The app features a chat function for direct doctor-patient communication and prescription saving

#### Key Technologies

- Frontend : React js
- Backend :Asp .net Core with Jwt authentication
- DataBase: Sqlserver

### TDAAK

<https://tdaak.org/>

My TDAAK app is a powerful tool designed to efficiently manage gift coupons for TDAAK members. TDAAK refers to an organization of tyre dealers located in Kerala. This app serves as a dedicated platform for TDAAK members, enabling them to effectively track the issuance and availability of gift coupons for their customers

#### Key Technologies

- Frontend : React js
- Backend :Express js
- DataBase: Sqlserver

### Vizit (Visitor Management Application)

As the sole developer, I conceptualized, designed, and developed Vizit, a comprehensive visitor management application aimed at optimizing visitor tracking and security within organizations. Leveraging my expertise in frontend and backend development, I utilized React.js for the frontend, **ASP.NET** for the backend, and SQL Server for the database.

#### Key Technologies

- Frontend : React js
- Backend :Asp .net
- Database: Sqlserver

### Prithvi App

Ayurveda Connect is a comprehensive digital platform designed to provide users with easy access to authentic Ayurvedic knowledge and resources. With a user-friendly website and a mobile application, Ayurveda Connect aims to promote holistic wellness through informative content, interactive features, and expert guidance

#### Key Technologies

- Frontend : React js
- Back End :Asp .net
- DataBase: Sqlserver

### Sopanam Store (Store Management Application)

<https://store.sopanam.in/auth/sign-in>

Sopanam Store is a user-friendly store management application designed to assist shop owners in efficiently managing their inventory and stocks. With its intuitive interface and straightforward features, Sopanam Store simplifies the process of inventory management, allowing shop owners to focus on serving their customers and growing their business.

#### Key Technologies

- Frontend : React js
- Back End :Asp .net Core with Jwt authentication
- DataBase: Sqlserver
