## EDUCATION

### AL-AMEEN ENGINEERING COLLEGE

BE IN COMPUTER SCIENCE  
YOP 2022 | Erode.  
Percentage : 72%

### TNPM MARIMUTHU NADAR HSS

2014 , 2016| RAJAPALAYAM.  
D.O.B: 23/05/2001  
10th: 84%  
12th: 64%

## TECHNICAL SKILLS

### JAVA

- Experienced in applying OOPS for reliable software, proficient with Strings, Arrays, Wrapper Classes, Exception and well versed in Java Collections Framework.
- Skilled in Java 8, lambda expressions, method references, Anonymous class, Functional Interface and Varargs.

### SQL

- Have a good Knowledge in SQL and practiced well using
  - DDL, DML, DCL, TCL, DQL.

### FRONT-END

- Proficient in HTML, CSS, JavaScript, Saas including this Concepts in real time projects.
- Proficient in concepts of react.js like v-dom, Components, Life Cycles, Hooks, Props, State, props Drilling, use ref, use effects, use state.

## PROJECTS DETAILS

### LAMS

- LAMS is used to reduce the valuable time of the professors for monitoring the late coming students. By simply entering the register number of the students the staff can get all the detail of the students including the time he was late to college. Managing the records of late comers attendance is very simple to download and save it.

### FILE MIGRATION SYSTEM

- we investigate the problem of communication contact-aware mobile data replication for RSU-aided VDTNs by considering the mobile data dissemination system that transmits data from the Internet to vehicles via RSUs through opportunistic communications.
- In particular, we formulate the communication contact-aware RSU-aided vehicular mobile data dissemination problem as an optimization problem with realistic VDTN settings.

### TODO-LIST

- This project is used to maintenance our list of upcoming Tasks. if we Complete the task we can easily remove it from the list. if we want to add any task we can easily handle those thing easily through this web Application.

## COURSE WORK

- Java Full Stack development.

## SOFT SKILLS

- Active listening, Effective communication.
- Strong relationships, Efficient collaboration.

## WORKSHOP ATTEND

- Attend two days Workshop on "IOT" in Al-Ameen Engineering College, Erode.
- Attend one day Workshop on "Android Application Development".

## LANGUAGES

- Tamil, English, Malayalam (Speak Only)
