EXPERIENCE

Mastek | Associate Consultant   Chennai | Jun 2021 - Oct 2023
- I have started my career here I'm grateful for that. I have been assigned as **UI Engineer** to develop the eCommerce page.
- In here we used to develop eCommerce website to the client by using Oracle's Commerce framework

Gateway Software Solution | Embedded with IoT Intern   Coimbatore | Dec 2019 - Mar 2020
- I was getting training in the Embedded C and doing some project in it. After my three month intern I worked as a Embedded C trainer.

SKILLS

Programming Languages:	HTML, CSS, JavaScript
Libraries/Frameworks:	React.js, Bootstrap, JQuery, Sass, Less
Tools / Platforms:	Webpack, Git, Jira, Kanban, Agile, Confluence, Bitbucket, Graphics, Babel, NPM, Yarn, Animation

PROJECTS / OPEN-SOURCE

McElroy Metal   *React, JavaScript, Html, CSS, Bootstrap, JQuery, Less & Sass*
- With this project I was assigned to do mulpile task for the different pages which would be assigned with the help of JIRA
- In eCommerce page cart page is little complex task which has more functionality compare to other page which make more strong in logical thinking.
- We followed **Agile** methodology in every projects.

Life Labs   *React, JavaScript, Html, Css, JQuery, Bootstrap, Less & Sass*
- My contribution in this project was to develop the UI of particular task which has been assigned through **JIRA**.
- Once I have finished developing I will do unit testing then update it in to **Bitbucket**.
- We followed **Agile** methodology in all projects.
